# MENU

At Scandic's restaurants, we have respect for good food. Our kitchen has roots in the Danish and Nordic cuisine with consideration for seasonal ingredients. We cultivate the natural, the simple and the regional - and we have the courage to be inspired by other cuisines, if the taste is right. Our chefs have a special love for organic, animal welfare and local sustainable ingredients, and you can always be sure to get a proper steak and fresh fish. We have the award-winning Finnish Natural Cattle from Freygaard in the ripening cabinet and cut it out to the best steaks. At Scandic, fish caught close to our shores in sustainable fishing practices are served. We have established a unique collaboration with Thorup Strand Fishermen, which means that we have full traceability and a guarantee for Denmark's most sustainable fishery. We call this "Danish, coastal fishing". Welcome and enjoy your meal

**In Scandic we do not compromise on the quality of the food we serve. We use good, local and organic produce and we would like to continue doing that. Because of the current world situation, you might experience small increases from 10-15DKK in our prices. That allow us to continue using the great, local and high quality ingredients, that characterize our menus.**

Kind regards,  
Karsten Felvang Nielsen, F&B Director
