Campfire is a place where locals and visitors from all over the world meet and socialise with each other, and where they take a break from the everyday hustle. This is where we gather around the fire to share experiences, stories and enjoy good food while meeting new and old friends. The meal is the focal point and in the kitchen we create exciting dishes close to our hearts. We call our cuisine “comfort food from every corner of the world”. Food inspired by childhood memories, travelling and the shifting seasons that puts a smile on your face and spreads joy, love and comfort. At Campfire we use the elemental force of fire and extract the flavours of the flames. Here the fire is crackling together with the sound of good conversations, laughter and music.
