

WELCOME TO OUR CONFERENCE ROOM LILLA VALVET

This conference room is ideal for meetings for up to 8 people. Together we will arrange the conference experience that meets your needs. All our meeting and conference rooms are equipped with free wifi. If you are in a need of a LCD projector let us know at the time of your reservation. It is free as long as you book in advance.

The conference room

Here you will confer in a historical setting where the quiet pace is in the walls. The conference room is furnished with a boardroom table and is located in the vaults one floor down from main floor. With this placement the room lacks natural light but is well lit. The thick beautiful vaults shut out the city noise and your mobile coverage, so you can confer undisturbed and focused. Our wireless internet is fast and functional and allows you to always reach out to the world. A landline is also available in the room for those who wish.

Technology & Equipment

To have the right technology in place is obviously very important. Lilla Valvet are equipet with an LCD projector with the ability to plug in your computer.

Wireless internet is available in all rooms and public areas of the hotel and is free of charge.

Flip chart, whiteboard with pens and note material is ready to be used in the premises.
